

ICINT 2024

2024 9th International Conference on Information and Network Technologies (ICINT 2024) aims to provide a leading international forum for researchers, practitioners, and professionals from the industry, academia and government to share their new ideas, progresses and achievements in information and network technologies and related fields. ICINT 2024 will be held in Tokyo, Japan during May 24-26, 2024, which is co-sponsored by Kogakuin University and University of the Ryukyus.

The conference calls for high-quality, original research papers in the theory and practice of information and network technologies. The conference also solicits proposals focusing on frontier research, new ideas and paradigms in information and networking technologies.

Call For Papers

The main topics of interest include, but are not limited to:

Track 3: Advanced Information Systems and Data Management

Prof. Tariq Rahim Soomro, Institute of Business Management, Pakistan

Dr. LO, Kelvin M. F., The University of Hong Kong, China

Asst. Prof. Julie Anne Angeles-Crystal, National University, Philippines

- Advanced Computational Science and Applications
- Advanced IT Medical Engineering
- Advanced Management Information Systems and Services
- Artificial Intelligence
- Bio-inspired Computing and Applications
- Computer Architecture & VLSI
- Computer Security
- Data Mining Applications
- Expert Systems
- Information Retrieval Knowledge Data Engineering
- Database & Data Mining
- Computer Architecture
- Parallel & Distributed Systems
- Multimedia & Visual Programming
